Summer Camp Announcement from our Director!

In a year where life has been turned upside down and we find a "new normal" around every corner, we think children and families should have something fun to look forward to this summer. DARC's summer camps are a great way for children to get away from home and into the outside to make new memories!

At camp, children can make new friends, develop their social skills, try new things, learn new skills or deepen and expand existing ones. At DARC's Playground Camps, Adventure Camps or our many Specialty Camps, children spend many hours in a wide variety of activities. Our specialty camps help children to continue to hone their skills in creativity, critical thinking, communication, and collaboration.

As we look forward to the summer of 2021, Downingtown Area Recreation Consortium has put together a slate of sports, enrichment, and day camp programs with COVID-19 mitigation in mind. The programs have been designed with reduced enrollment to facilitate social distancing. We have adopted a variety of protocols to keep your children safe: wearing masks, disinfecting and sanitizing high-touch surfaces, spending plenty of time outdoors, and more. We hope you and your children will join us in one of our popular summer camps!!

SAVE THE DATE

DARC is excited to announce our first Golf Tournament event to raise funds to support DARC's community programming.

We are looking forward to hosting the event at the **Honeybrook Golf Club on Monday, May 17th.**

It will begin with an 8:30AM Shotgun Start with lunch afterwards.

Entry Fee is \$130/player and Event Sponsorship opportunities are available.

Instructor Spotlight— Chanelle Bishop, The Crafty Chef Academy

Join The Crafty Chef Academy for an exciting array of classes and camps in 2021!

So what exactly is The Crafty Chef Academy?

I'm a psychologist by day and a mother by day and night. My three daughters inspired me to create The Crafty Chef Academy (TCCA) to foster creativity and confidence in kids in the kitchen. We love to get in touch with our creative sides while having fun, and,

most of the time, that is in the kitchen!

Our Motto: Be CRAFTY and CREATIVELY SATISFYING!!!

Our goal: To teach people, like you, how to put a little play in their day, every day.

What we will do:

At TCCA, we will teach you how to cook, bake, craft, create, and have fun. Additionally, we offer our take on a healthy cooking and eating program in

addition to our other services. Check out our four-part nutrition series that we are offering virtually for families this winter. We also have a lineup of specialty workshops this spring and over-the-top week-long camps this summer.

Safety is our first priority as demonstrated by our detailed COVID-19 protocol for our classes.
